## WATER SCHEDULE OF RATES – 2024

This Document is valid from 1<sup>st</sup> of January 2024 to 31<sup>st</sup> of December 2024

Prepared by Kandy Municipal Council

- *Basic Prices*

The basic prices approved by the Central Provincial Price Committee 2023 are used to prepare the WSR for the year 2024.

- *Notes*

1. This Water Schedule of Rates should be used for fixing and laying of PVC main lines, transmission mains, distribution lines and house connection lines up to the water meter only.
2. Excavation, backfilling, compaction, reinstatement is not included in these rates. Please refer relevant Schedule of Rates (BSR, HSR, ISR) for the above civil works.
3. This Water Schedule of Rates are just a kind of guideline and may be varied with the market price and the site conditions.

- *General Notes*

The WSR is to be read in conjunction with the **Standard Specification issued for building work by the Institute of Construction Training and Development (ICTAD) / Construction Industry Development Authority (CIDA)**, except where superseded by the notes or the descriptions in the schedule.

Only those materials which are specially mentioned in the descriptions should be used and should be the best quality material, confirming to the requirements of the relevant standard. (SLS,ISO or BS)

All the materials & the quality of the material should be approved by the Engineer, described in the agreement.

There are three types of rates for each and every item,

1. Rates prepared based on basic price.
2. Rates prepared with 16% Over head and profit.
